

MINIMAL SUPPLY OF NATURAL GAS

November 2020 – March 2021

Do you have a budget meter for natural gas and do you heat with natural gas? Do you have too little money to charge your budget meter? Then visit the OCMW / Social House of your municipality to request the "minimum supply of natural gas"!

What is it?

The minimum supply of natural gas is a financial contribution for natural gas, twice a month, during the winter period from November 1st to March 31st. This amount will be put on the budget meter card. After the winter, the OCMW can reclaim 30% of the contribution from you.

What should you do?

Go to the OCMW / Social House of your municipality and ask if you are eligible for the minimum supply of natural gas. Even if you are not a customer of the OCMW.

TWO WEEKLY INTERVENTIONS 2020-2021

Home type	Non-protected customer	Protected customer (= right to social rate)
Apartment	€ 24.66	€ 10.66
Row or corner house (max. 2 open facades)	€ 34.66	€ 14.66
Detached or semi-detached (more than 2 open facades)	€ 41.66	€ 17.66

WHAT DO YOU TAKE WITH YOU?

- Your **identity card**
- Your **yellow budget meter card natural gas**. You don't have this if you have a digital meter.
- **Proof of the income** of all family members (for example paychecks, certificates of benefit, account statement ...)
- **Proof of your fixed costs** (rent, water, energy, internet, insurance ...)
- If applicable the **contact details of your debt counselor**

What will happen next?

You have a meeting with the social worker of the OCMW. He will investigate whether or not you are eligible for the minimum delivery. If you are already a customer of the OCMW, then the OCMW already has most of the information. If your application is approved, the amount will be put on your card (with a classic budget meter) or the amount will be put on the meter (with a digital meter with budget meter function).
